12 Sep 26, 10:00 AM IST → 13 Sep 26, 10:00 AM IST

Round 1 (Qualifying Round)

On 

The problem statement releases at 12th September 2026, 10:00 AM

Duration: 24 Hours

Submission Deadline: 13th September 2026, 10:00 AM

Participants will download a static ZIP file containing pre-defined assets. Your goal is to build a functional landing page incorporating all provided assets, implementing two specific feature requirements, and optimizing for search engines (SEO) The submission link will be given via the WhatsApp group. So, we suggest you all to join it.

Questions have not been uploaded by the Organizer.

All that you need to know about Web Hackathon

Tech Zephyr 4.0 — Web Hackathon:

- Welcome to **Tech Zephyr 4.0 — Web Hackathon**, an exciting competitive event organized by **IIT Bhubaneswar**.
- This isn't your typical hackathon. Participants will be challenged to **design, develop, and deploy a complete website** while working under strict time constraints. From creating an engaging user experience to implementing functional backend systems, participants will need to combine creativity, problem-solving, and technical skills to build a complete working product.
- **Think. Build. Deploy. Compete.**
